

SGIS Conference March 20-21st, 2020

'20-20 Vision: A focus on the changing face of education'

SOMETHING FOR EVERYONE!

PEER-TO-PEER PRESENTATIONS...

The 2020 SGIS Conference, at the **Institut Florimont** promises to offer something for everyone.

As part of a mini-series, taking a closer look at 'who' is saying 'what', our **fourth flyer** highlights the expertise and knowledge, which colleagues across our international schools will present, in a rich and varied Peer-to-Peer programme.

With 25 workshops and presentations offered over two 45-minute sessions on Friday 20th March, this new initiative promises to provide opportunities to share and learn from those at the chalk face of education.

For further detailed information about the workshop themes and objectives, please click on the image below.

COMING SOON... OUR FINAL FLYER WILL FOCUS ON 'HOW WE LEARN'.
